PREFACE.

We take pleasure in offering to collectors the several collections catalogued in the following pages, as there are many very desirable coins in each collection, and collectors will find it an excellent opportunity to enrich their cabinets. Mr. Meigs only collected coins in fine preservation or of historical interest and among the fine examples in his collection are:

The octradrachm of Ptolemy, one of the largest of ancient gold coins, a most interesting and valuable piece; also note Pound piece of Charles I, the Crown of Oliver Cromwell, etc., and in the Breton are the finest series of Canadian rarities that have been offered for a long time, and such splendid pieces that we trust Canadian collectors will show their appreciation by liberal bids.

The beautiful Canadian Gold Medal, Lot 1024, would grace any cabinet.

Through every collection here offered are desirable and fine coins, and we ask collectors to carefully examine the Catalogue.

The Catalogues are distributed free, and *after* the sale copies of the same Catalogue with price each lot sold for marked in ink, may be obtained on payment, with order, of 50 cents.

Every Coin and Medal is guaranteed genuine and orginial and we hold this guarantee good indefinitely.

The Coins are on exhibition from 9 A. M. to 12.30 P. M., days of sale, but are not exhibited during the sale, as there would not be time to do so, as 200 lots an hour is the average sold, and also to avoid mistakes and confusion.

Second day's sale will commence with Lot 726.

Every lot is sold so much each coin, unless otherwise stated. No lots are divided, but are sold as Catalogued.

Any bid less than 50 cents is accepted, over that sum 5 cents advanced at a time to $1, and over that 10 cents to $2.50;

then 25 cents at a time to $20, and upwards at $1 advance at a time. Bidders will please note these rules as often their bid may be a few cents over the price at which the lot is selling, but not enough to advance, and when the advance is made and piece thus secured causes them sometimes to think they have been made to pay more than they should, and if the lot is let go at lower than their bid, they do not understand why it was not bought for them, and then are dissatisfied.

The various conditions in which Coins are rated ranges from brilliant proof (the finest state) to poor.

Brilliant proof. Proof (where the coin is not in absolute brilliancy.) Uncirculated (often abbreviated "uncir.") in same state as when it left the Mint. Extremely fine, abbreviated "Ex. fine." Very fine, abbreviated "Vf." or "V fine." Fine. Very good, abbreviated "Vg." Good. Fair. Poor.

Bidders will oblige us by sending in their bids as soon as possible, as at our last sale we had 140 bidders (several came after sale was over) and it is quite a lot of work to enter them in our own bid book. Our charge for purchasing is 10% on the gross amount of the bill purchased.

Persons who are unknown to us will please send reference or a deposit of cash with their bids. No orders will be executed for those not complying with this rule.
